

AN OLD FRIEND LOST

It is with very deep regret that we learn of the passing of our old friend, Mr F.M. Warren. For many years Mr Warren has been a very active member of our society, where he has been an office holder for many seasons. In a society such as ours the two most onerous duties may be felt to be those of secretary and treasurer. It is not always easy to find members who will be willing to occupy these positions. It was with surprise and much gratitude that we learned that Mr Warren was willing to undertake both these offices, which he held from 1966 to 1974, fulfilling them with his customary efficiency. He was treasurer from 1974 to 1976. He was of course a member of our committee and in 1980 he was elected vice-president. It should be said that it was Mr Warren who organised our bus trips. As an office-bearer he will not be easy to replace.

He was always a keen attendant at our meetings and his cheerful and enthusiastic presence at our excursions will be much missed by members.

To his wife, relatives and many friends we extend our sincere sympathies, and we can assure them that he will be greatly missed by the members of the society that he served for so long and so well.

Marguerite Crookes.
