

CHATHAM ISLAND SPECIMENS COLLECTED IN MARCH, 1974

FOR THE HERBARIUM, DEPARTMENT OF BOTANY, CANTERBURY UNIVERSITY

TO ORDER OF ALLAN, FLORA OF NEW ZEALAND, VOL. I

Canu No: Original No:

Lycopodiaceae:

19865,6 50 Lycopodium billardieri Spreng

Hymenophyllaceae:

19845 53 Hymenophyllum multifidum (Forst.f.) Swartz

12 44 54 Trichomanes reniforme Forst.f.

Aspleniaceae:

19869 46 Asplenium flaccidum Forst.f. form.

Violaceae:

19827 2 & 3 Viola cunninghamii Hook.f.

Aizoaceae:

19855 32 Tetragyna Banks et Sol ex Hook.f.

Caryophyllaceae:

19811 28 Colobanthus muscoides Hook.f.

Chenopodiaceae:

19841 63 Salicornia australis Sol ex Benth.

Geraniaceae:

19815 23 Geranium traversii Hook.f.

Thymelacaceae:

19824 15 Pimelea arenaria A.Cunn.

Malvaceae:

19810 11 Plagianthus betulinus A.Cunn.

Euphorbiaceae:

19778 65 Euphorbia glauca Forst.f.

Rosaceae:

19832 41 Potentilla anserinoides (Raoul) Hook.

Canu No: Original No:

		<u>Papilionaceae:</u>
19830	44	<u>Sophora microphylla Ait.</u>
		<u>Corynocarpaceae:</u>
19847	34	<u>Corynocarpus laevigatus J.R. et G.Forst.</u>
		<u>Araliaceae:</u>
19859	10	<u>Pseudopanax chathamicum Kirk.</u>
19863	49	<u>Pseudopanax chathamicum Kirk.</u>
		<u>Cornaceae:</u>
19823	6	<u>Corokia macrocarpa Kirk.</u>
		<u>Umbelliferae:</u>
19870	22	<u>Apium asutrale Thouars.</u>
		<u>Epacridaceae:</u>
19875	18	<u>Cyathodes robusta Forst.f.</u>
19851	51	<u>Dracophyllum arboreum Ckn.</u>
19878	56	<u>Dracophyllum arboreum Ckn.</u>
19874	20	<u>Dracophyllum arboreum Ckn.</u>
19873	19	<u>Dracophyllum paludosum Ckn.</u>
		<u>Rubiaceae:</u>
19820	16	<u>Coprosma chathamica Ckn.</u>
		<u>Compositae:</u>
19818	21	<u>Olearia chathamica Kirk.</u>
19814	14	<u>Olearia traversii (F.Muell.) Hook.f.</u>
19854	24	<u>Cotula coronopifolia L.</u>
19828	43-1	<u>Cotula potentillina (F.Muell) Druce.</u>
19861	61	<u>Gnaphalium luteo-album L.</u>
19880	52	<u>Senecio huntii F.Muell.</u>
19856	3	<u>Sonchus grandifolius Kirk.</u>
		<u>Gentianaceae:</u>
19834	37	<u>Gentiana chathamica Cheesem.</u>
		<u>Primulaceae:</u>
19836	39	<u>Samolus repens (J.R. et G.Forst.) Pers.</u>
19816	45	

Canu No: Original No:

Lobeliaceae:

19821	33	<u>Pratia arenaria Hook.f.</u>
19812	25	<u>Pratia arenaria Hook.f.</u>
19831	40	<u>Pratia arenaria Hook.f.</u>
19825	2-1	<u>Pratia arenaria Hook.f.</u>
19879	8	<u>Myosotidium hortensia (Decne) Baill.</u>

Solanaceae:

19876	12	<u>Solanum aviculare Forst.f.</u>
-------	----	-----------------------------------

Convolvulaceae:

19833	48	<u>Calystegia tuguriorum (Forst.f.) R.Br.ex Hook.f.</u>
-------	----	---

Scrophulariaceae:

19871	66	<u>Hebe barkeri (Ckn.)</u>
19872	45	<u>Hebe chathamica (Buchan) Ckn. et Allan</u>
19860	30	<u>Dichondra repens J.R. et G.Forst.</u>

Smilacaceae:

19809	49	<u>Ripogonum scandens J.R. et G.Forst.</u>
19862	55	<u>Ripogonum scandens J.R. et G.Forst.</u>

Juncaceae:

19850	60	<u>Juncus maritimus Lam.</u>
19857,8	9	<u>Prob. Juncus maritimus.</u>

Restionaceae:

19839	58	<u>Leptocarpus similis Edgar.</u>
-------	----	-----------------------------------

INTRODUCED FLORA

Gramineae:

19838	7	<u>Ammophila arenaria</u>
19837	31	<u>Lagurus ovatus L.</u>
19846	67	<u>Lagurus ovatus L.</u>

Geraniaceae:

19849	59	<u>Geranium molle L.</u>
19826	2-2	<u>Geranium molle L.</u>

Canu No: Original No:

Compositae:
19848 5 Senecio elegans L.
19842 64 Sonchus asper

Cruciferae:
19864 47 Cakile edentula (Bigel) Hk.
11122 4 Cakile edentula (Bigel) Hk.
 Both det. by A.J. Healy, Bot.Div., D.S.I.R.

Papaveraceae:
19843 57 Glaucium flavum Crantz.

* A. Wall. Christchurch Press - February 22nd 1930
*
*
* Ben More
*
*
* Next day I made by third ascent of Ben More, just
*
* over 4,000 feet, in splendid weather Many
*
* fine and some rare things were found, of which the
*
* most striking was a forget-me-not (Myosotis) with
*
* silvery leaves, large terminal heads of purplish
*
* brown flowers, and a lovely perfume. The place
*
* is a perfect garden of Celmisias, Vercnicas and
*
* Gentians, some of them of the most ornamental
*
* kinds
*
*
*
