Corrigenda for ABS Journal 57(1)

p.30: title - Fungal Foray, Workman [replacing 'Walkman'] Track, Hunua Ranges.

p.32: Figure belongs with Te haahi-Goodwin article at bottom of same page [not Hunua article].

Also caption change – *Isaria sinclairii* parasitising cicada larva [replacing '*Isaria* sp. parasitising fly on grass inflorescence'].

p.44: *Didymium squamulosum* and p.45: *Physarum lateritium* – both species are Myxomycetes (slime moulds), not Eumycota (true fungi) as listed.

Acknowledgement: The Auckland Regional Council, for contributing towards the colour-printing costs of the last issue of this Auckland Botanical Society Journal June 2002 Vol 57(1). Please see the article therein, "Threatened Native Plant Garden", referring to a recent development at the Auckland Regional Botanic Gardens, Manurewa. Ewen Cameron helped in the proof-reading of this ABS Journal.
