

**LIST OF LOCATIONS OF SUMMER CAMPS RUN BY THE
CANTERBURY BOTANICAL SOCIETY 1977-95**

NEIL O'BRIEN

Only a few of the Society's summer camps have been reported in full in the C.B.S.J. However, references to some of the botanical studies done during the camps are found in many journals. Fuller description of the camp activities - very important events in the life of the Society - are found in the C.B.S. Newsletters, usually the February issue. Below is a list of the venues for camps since 1977. Names of the organisations that administer the campsites are the present ones. In some cases (marked *) they differ from the original ones.
